Celebrating 70 years of courage

TORONTO

This year, marking Israel's remarkable seven decades, Beit Halochem Canada, Aid to Disabled Veterans of Israel's annual Celebration of Life concert celebrated 70 Years of Courage. The evening featured heroic stories of strength, determination, and triumph as told by four injured Israeli heroes/Beit Halochem members, and musical talent by rising Israeli stars and internationally renowned Cantor Alex Stein. Proceeds support Israel's leading-edge Beit Halochem centres that offer rehabilitative services to Israel's injured veterans, terror victims and their families. ■
