

HELPING

OUR HEROES

RECLAIM

THEIR LIVES

AID TO
DISABLED VETERANS OF ISRAEL
(CANADA)

EMPOWERING

Beit Halochem Canada, Aid to Disabled Veterans of Israel is committed to rehabilitating, rebuilding, and enhancing the lives of over 50,000 Israeli men and women who have been injured in the line of duty or through acts of terror. Beit Halochem is the only organization taking care of Israel's disabled veterans from the time they are injured and for the rest of their lives. We assist them on their challenging journeys while empowering them to be productive members of Israeli society.

Our Centres in Israel

Beit Halochem Centres serve more than 50,000 disabled Israeli veterans and their families.

Beit Halochem Tel Aviv

Opened 1974

10,000 square metres

Beit Halochem Haifa

Opened 1986

7,500 square metres

Beit Halochem Jerusalem

Opened 1994

6,750 square metres

Beit Halochem Beer Sheva

Opened 2011

5,500 square metres

Beit Halochem Ashdod

Future

6,700 square metres

THERAPY

Beit Halochem Centres' rehabilitative services and programming fulfil the individual needs of our injured veterans.

Hydrotherapy

Water is recognized as a significant factor in treating those with severe injuries. The heated water relaxes muscles, eases pain, and enables strengthening exercises to improve mobility. Each Centre has specially-heated swimming pools as well as dedicated hydrotherapy pools where treatments are administered by trained professionals.

Physical Therapy

Physical therapists and medical personnel implement specialized therapeutic programs using the most up-to-date knowledge and skills to benefit our members.

Rehabilitative Therapy

Disabled members, including those who have lost limbs, or are living with blindness, paraplegia, quadriplegia, or a range of other disabilities that require individualized care, are treated in each Centre's rehabilitative therapy wing.

Academic and Athletic Scholarships

As those injured in the line of duty find life plans suddenly derailed, academic and athletic scholarships assist them in determining new directions and regaining independence.

SUPPORT

Post-Traumatic Stress Disorder (PTSD) Support Groups

With Beit Halochem Canada funding, a support group was founded at Jerusalem's Centre to assist those suffering from PTSD. Recognizing that a veteran's mental trauma affects the entire family, a spouses' support group was also established. This vital program has now expanded to other Centres.

Sports Therapy

Cycling - including hand bike and tandem, wheelchair basketball, tennis, volleyball, swimming, archery, table tennis, gym, and Pilates are some of the many rehabilitative sports and activities that improve our members' strength and enhance their self-esteem.

Paralympic Games / International Competitions

Beit Halochem's athletes, benefiting from specialized coaching and equipment, have achieved remarkable success at the Paralympics and other international competitions.

SPORTS

CULTURE

Creative/Cultural Activities

Photography, ceramics, painting, sculpture, music, carpentry, computer, and language classes are among the many programs available to our injured members and their families.

Kids of Courage

Beit Halochem Canada brings 45 Bar and Bat Mitzvah-aged children of severely disabled Israeli veterans to Canada to enjoy a summer with Canadian children their age. Each year, this overnight camp experience provides a break from the reality of being children of injured parents.

GROUPS

Family-Oriented programming

Knowing that everyone is affected by the veteran's injury, programs engaging the entire family complement the member's therapy. All enjoy the Centres' welcoming atmosphere and activities that enrich and enhance family life.

FAMILY

Since its 1978 founding, Beit Halochem Canada has raised funds to provide rehabilitative services and programming for disabled veterans and their families at Beit Halochem Centres across Israel.

These leading-edge facilities in Jerusalem, Tel Aviv, Haifa, Beer Sheva, and the future Ashdod, offer a wide range of unparalleled individualized therapies, specialized sports training, rehabilitative equipment, and creative/cultural activities.

As Israel continues to pursue peace, casualties do not stop. With your support, Beit Halochem Canada is there to help when another life is impacted. Together, we can give our disabled veterans what they deserve – the opportunity to reclaim their lives.
